Public projects and social programs are indispensable mechanism for community development and wellbeing. It should be a common goal for all leaders to ascertain continuity of such projects and program until fully implemented.

While I do not oppose public projects and social programs, I am concern with the repeated changes in the laws in particular, for the use of the funds, assignment of Allottees and the lapse dates. The continuous changes, in essence, may be interpreted as an indecision or weakness on our part as government planners and decision makers. We must continue to ensure that the public projects and social programs are not politically motivated but rather are in line with the Nation's Development plan. It is imperative that we combine our efforts to ascertain proper use of public funds.

I thank you and all members of Congress in anticipation of your cooperation and commitment in improving the manner in which public funds are dispensed for public projects and programs.

With warm personal regards, I remain,

Sincerely,

Manny Mori  
President
