BE IT ENACTED BY THE CONGRESS OF THE FEDERATED STATES OF MICRONESIA:

Section 1. Title 22 of the Code of the Federated States of Micronesia is hereby amended by adding a new section 416 to read as follows:

"Section 416. Aircraft and sea vessel responsibilities for overtime. Any aircraft or sea vessel landing at any airport, or calling at any port in the Federated States of Micronesia, shall be responsible for paying to the Treasurer of the Federated States of Micronesia an amount equal to the actual costs to the National Government for overtime accrued by the officials responsible for carrying out the purpose of this title whenever such officials are required to carry out their official duties relating to the aircraft or sea vessel at a time outside of the officials’ ordinary working hours. The Secretary of Economic Affairs shall determine the amount payable by the aircraft or sea vessel under this section and shall submit invoices to the aircraft or sea vessel for payment of such amounts on a monthly basis; provided, however, if an aircraft or sea vessel’s arrival is for one time only or is likely to occur at infrequent intervals the invoice shall be made as soon as possible after the arrival of the vessel or aircraft, including at the time of the
arrival itself as may be provided by the regulations. For purposes of this section, overtime means actual hours worked in excess of 40 actual hours per week worked by an official or employee of the National Government."

Section 2. Section 509 of title 52 of the Code of the Federated States of Micronesia, as amended by Public Laws Nos. 9-155, 10-62, 10-118 and 10-151, is hereby further amended to read as follows:

"Section 509. Freeze on salary increases; compensatory time and overtime compensation. Notwithstanding any other applicable law, there is hereby enacted:

(1) a freeze on annual salary step increases of all employees in the public service system; and

(2) compensatory time, with which employees in the public service system shall be credited in lieu of receiving overtime compensation as otherwise authorized under the National Public Service System Act and regulations promulgated thereunder. Compensatory time means those hours authorized in advance and worked by an employee outside established work hours and for which the employee is credited with one hour in the form of leave with pay for each hour of work an employee is directed to work and performs in excess of the regular 40 hour workweek as provided by law. Compensatory time shall be accrued by National Government public service employees and shall be included in the compensation
received by a program participant pursuant to subsection (4)(c) of section 506 of this chapter; except that any accumulation of time in excess of 280 hours shall be forfeited unless taken before the end of the calendar year in which the excess was accumulated. For purposes of computing whether a program employee’s accrued compensatory and/or annual leave hours are in excess of 280 hours, accrued compensatory time and annual leave shall be included in computing the 280-hour ceiling.

(3) Notwithstanding the provisions of this section, an employee shall be entitled to receive overtime differential, retroactive to the effective date of Public Law No. 9-155, as authorized under the National Public Service System Act, for:

(a) time worked in the event that the National Government would be entitled to compensation for payment of such differential under section 115 of title 50 and section 416 of title 22;

(b) time worked in the event that the National Government would be entitled to compensation for payment of such differential through a written agreement with a legal entity that seeks to provide relief from emergency conditions, as long as the time worked is directly related to efforts to provide emergency relief, in accordance with an emergency declared by the President under article X, section 9, of the Constitution of the Federated States of Micronesia;
(c) time worked in the event that the National Government would be entitled to compensation for payment of such differential through a written agreement with the Water Users Corporation, as long as the time worked is directly related to management and maintenance of the Capital Water System; or

(d) time worked as follows:

   (i) by personnel within the Division of Budget in preparation of the annual budget submission in the thirty day period prior to April 1;

   (iii) by accounting personnel within the Division of Treasury in preparing reports pursuant to section 226 of title 55 of the Code of the Federated States of Micronesia, or a successor provision, during the fifteen day periods leading up to May 1 and November 1 of each year. Notwithstanding section 164 of this title, persons working hours entitling them to overtime differential pursuant to paragraph (d) of subsection (3) of this section shall receive compensation at straight time for those hours."
