A RESOLUTION

Adopting the National Energy Policy for the Federated States of Micronesia.

1. WHEREAS, the Nation recognizes the need to develop a National Energy Policy to promote effective, coordinated, resilient and dynamic joint energy sectors; to secure a safe, reliable, cost-effective and sustainable energy supply; to promote a efficient, responsive and competitive energy sector; to create a diversified energy resource base, creating a balanced energy mix, and to guide the Nation in achieving an environmentally sound and efficient use of energy; and

2. WHEREAS, the vision of the National Energy Policy is to improve the lives and livelihood of all FSM citizens with affordable, reliable and environmentally sound energy; and

3. WHEREAS, the National Energy Workgroups, in consultation with state government officials of the Federated States of Micronesia, finalized and adopted the final draft of the National Energy Policy for the Federated States of Micronesia and now recommends that it be adopted by the Congress of the Federated States of Micronesia; now, therefore,

BE IT RESOLVED by the Seventeenth Congress of the Federated States of Micronesia, Second Regular Session, 2011, that the Congress hereby adopts the National Energy Policy for the Federated States of Micronesia, including its annexes, as adopted
by the National Energy Work Groups; and

BE IT FURTHER RESOLVED that certified copies of this Resolution be transmitted to the President of the Federated States of Micronesia, the Vice-President of the Federated States of Micronesia, all State Governors, the Presiding Officers of the State Legislatures, the Secretary of the Department of Resources and Development, and the Secretary of the Department of Justice.
