AN ACT

To further amend section 611 of title 24 of the Code of the Federated States of Micronesia (Annotated), as amended by Public Law No. 19-169, to correct a technical error, and for other purposes.

BE IT ENACTED BY THE CONGRESS OF THE FEDERATED STATES OF MICRONESIA:

Section 1. The purpose of this Act is to correct a technical error in section 611 of title 24 of the Code of the Federated States of Micronesia. Public Law No. 19-169 amended paragraph (1) of section 611 and omitted paragraphs (2)–(5) of that section, inadvertently causing them to be deleted. This Act reinserts paragraphs (2)–(5) of section 611 of title 24 of the Code of the Federated States of Micronesia.

Section 2. Section 611 of title 55 of the Code of the Federated States of Micronesia (Annotated), as amended by Public Law No. 19-169, is hereby further amended to read as follows:

"Section 611. Transponders required.

(1) The Authority may require, as a condition of fishing in the exclusive economic zone, that the operator of any vessel:

(a) install on such vessel, at its own expense, a transponder approved by the Authority;

(b) maintain such transponder in good working order at all times during the period of validity of a
permit;

(c) consent to the monitoring of the transponder by the Authority in all waters and at all times during the period of validity of the permit; and

(d) ensure that any information or data required by the Authority to be transmitted by the transponder is transmitted continuously, accurately and effectively to the designated receiver.

(2) For the purposes of this subtitle, a transponder, which may also be referred to as an automatic location communicator or ALC, means any device or machine placed on a fishing vessel as a condition of its permit or access agreement, which transmits, whether in conjunction with another machine or other machines, elsewhere or not, information or data concerning the position, fishing and such other activities of the vessel as may be required.

(3) The Authority may establish by regulation a list of approved transponders. An approved transponder shall be presumed to be accurate; a transponder that is not approved shall not be presumed to be accurate. All information or data obtained or ascertained by the use of a transponder, shall be presumed to:

(a) come from the vessel so identified; and
(b) be given by the master, owner and
charterer of the fishing vessel. This presumption
shall apply whether or not the information was stored
before or after any transmission or transfer.

(4) No person shall intentionally, recklessly or
unintentionally destroy, damage, render inoperative or
otherwise interfere with a machine aboard a vessel
which automatically feeds or inputs information or
data into a transponder, or intentionally feed or
input information or data into a transponder which is
not officially required or is meaningless.

(5) Any person who violates subsection (1) or
subsection (4) of this section, by failing to install,
maintain, or ensure the transmission of information
from a transponder as required, is subject to a civil
penalty of not less than $100,000 and not more than
$500,000."
Section 3. This act shall become law upon approval by the President of the Federated States of Micronesia or upon its becoming law without such approval.

March 26, 2019

/s/ Peter M. Christian
Peter M. Christian
President
Federated States of Micronesia
