A RESOLUTION

Urging the High Commissioner and the Attorney General of the Trust Territory of the Pacific Islands to recognize the rights of the owners of certain parcels of land taken under indefinite land use agreements who have been excluded from all previous compensation payments and procedures to present claims for compensation for the past use of their land to an arbitration panel.

1. WHEREAS, in a report dated December 28, 1977, the Study Group on Indefinite Land Use Agreements recommended that additional past use compensation be paid to the owners of lands taken by the Trust Territory Government pursuant to Indefinite land use agreements; and

2. WHEREAS, in October 1978 the Trust Territory Government hired Don R. Cowell and Associates of Honolulu, Hawaii, to appraise the value of lands taken under indefinite land use agreements; and

3. WHEREAS, for reasons of administrative oversight certain indefinite land use parcels were excluded from the Cowell Appraisal Report; and

4. WHEREAS, in March 1980 the United States Congress, relying upon the report of the Study Group on Indefinite Land Use Agreements and the Cowell Appraisal Report, appropriated $4.117 million for compensation for past use and future use of indefinite land use parcels; and

5. WHEREAS, the indefinite land use owners included in the Cowell Appraisal Report received their share of the funds appropriated as compensation for past use and at the same time signed a conditional release of claims which guaranteed them the right to present additional claims for past use compensation to an arbitration panel; and

6. WHEREAS, the indefinite land use owners excluded from the Cowell Appraisal Report have received no compensation for the past use of their lands and have not been given the right to present their claims to any court or arbitration panel; and

7. WHEREAS, subsequent to the appropriation of indefinite land use compensation by the U.S. Congress, the Study Group on Indefinite Land Use Claims agreed that equity and justice require that landowners
excluded from the Cowell Appraisal Report be given the same rights and privileges as landowners not excluded; and

WHEREAS, the staff of the Study Group on Indefinite Land Use Claims for the last 2 years has gone through the land records of the Trust Territory Government and the State governments in the Federated States of Micronesia in search of indefinite land use parcels that were excluded from earlier compensation payments and procedures; and

WHEREAS, the staff of the Study Group on Indefinite Land Use Claims has been able to document the following excluded indefinite land use parcels:

Yap State:

(1) Navigation light on Mt. Matade
900 square feet
Agreement dated January 22, 1957
