A RESOLUTION

Declaring that it is the policy of the Congress of the Federated States of Micronesia that the National Government implement environmentally and economically sound policies by recycling paper and using paper more efficiently, including double-sided photocopying, double-sided printing, and draft printing on used paper.

1 WHEREAS, the Congress of the Federated States of Micronesia is
2 concerned about the dangers of climate change and deforestation; and

3 WHEREAS, most production of paper requires that trees be cut down;
4 and

5 WHEREAS, paper is a sizable portion of the National government's
6 budget; and

7 WHEREAS, the world's environment and forests may be further
8 safeguarded by recycling paper and using paper more efficiently,
9 including double-sided photocopying, double-sided printing, and draft
10 printing on used paper; and

11 WHEREAS, it would be more economical for the National Government of
12 the Federated States of Micronesia to recycle paper and use paper more
13 efficiently, including double-sided photocopying, double-sided printing,
14 and draft printing on used paper; now, therefore,

15 BE IT RESOLVED by the Ninth Congress of the Federated States of
16 Micronesia, First Regular Session, 1995, that it is the policy of the
17 Congress of the Federated States of Micronesia that the National Government
18 implement environmentally and economically sound policies by recycling
19 paper and using paper more efficiently, including double-sided
20 photocopying, double-sided printing, and draft printing on used paper; and

21 BE IT FURTHER RESOLVED that certified copies of this resolution be
22 transmitted to the President of the Federated States of Micronesia, and
23 all branches of the National Government and its agencies.
